

ANNUAL REPORT FOR YEAR ENDED 30 JUNE 2021

ABOUT US

Welcome to the Shire of Laverton – Discover the Outback Spirit!

Covering some 183,198km² of desert and pastoral country, Laverton has something for everyone, from spinifex plains, mulga woodlands and unique granite rock outcrops to rich Aboriginal and European History and Culture.

These early explorers are recognised in the Great Beyond Visitor Centre – Home of the Explorers Hall of Fame.

During the 1880's, sandalwood cutters travelled through the area looking for the valuable aromatic timber and their tracks opened up much of the region. In the decades since, many tonnes of sandalwood have been exported from the Laverton district.

In 1886 gold was discovered in the area – suddenly eager prospectors arrived in droves from Coolgardie, eager to strike it rich. The rapidly growing settlement was soon called British Flag after the first successful mine.

One such keen prospector was Dr Charles Laver, a British doctor who rode his bicycle from Coolgardie to the Laverton area the same year. He soon became an enthusiastic promoter of the region and travelled back to Britain a number of times to raise funds for local mining ventures, however his priority remained to deal with the sick and injured. He had an excellent rapport with his coworkers and patients and got on very well with the local Aboriginal people.

Without his energy (and his capital) Laverton may well have faded away at this point.

By 1897 an informal town had sprung up to the west side of the Craiggimore mine. This proved an unsuitable location for the permanent settlement, so an alternate site was chosen about three kilometers away. In July 1900 the new town was gazetted as Laverton, in honour of Dr. Laver who had done so much to ensure the prosperity of the area.

Today the town is an important service Centre for a range of mines that operate in the area, for the continuing pastoral industry and for the people of the Western Desert regions. Laverton is also an important tourism hub, acting as a True gateway to Australia's outback.

SHIRE PRESIDENTS REPORT

In opening, I would like to thank my fellow Councillors in their support and allowing us as a group to ensure that the Shire of Laverton is seen in a positive light in so many circles. It is a pleasure to represent the Council.

The following is a brief summary of what has occurred in the last 12 months and the major issues which have impacted on the Council along with the myriad of meetings and representations made on behalf of Council.

Covid-19 has impacted upon Laverton with the restrictions of tourists travelling both intrastate and interstate and also the overseas travellers who are wanting the adventure at the start of the outback.

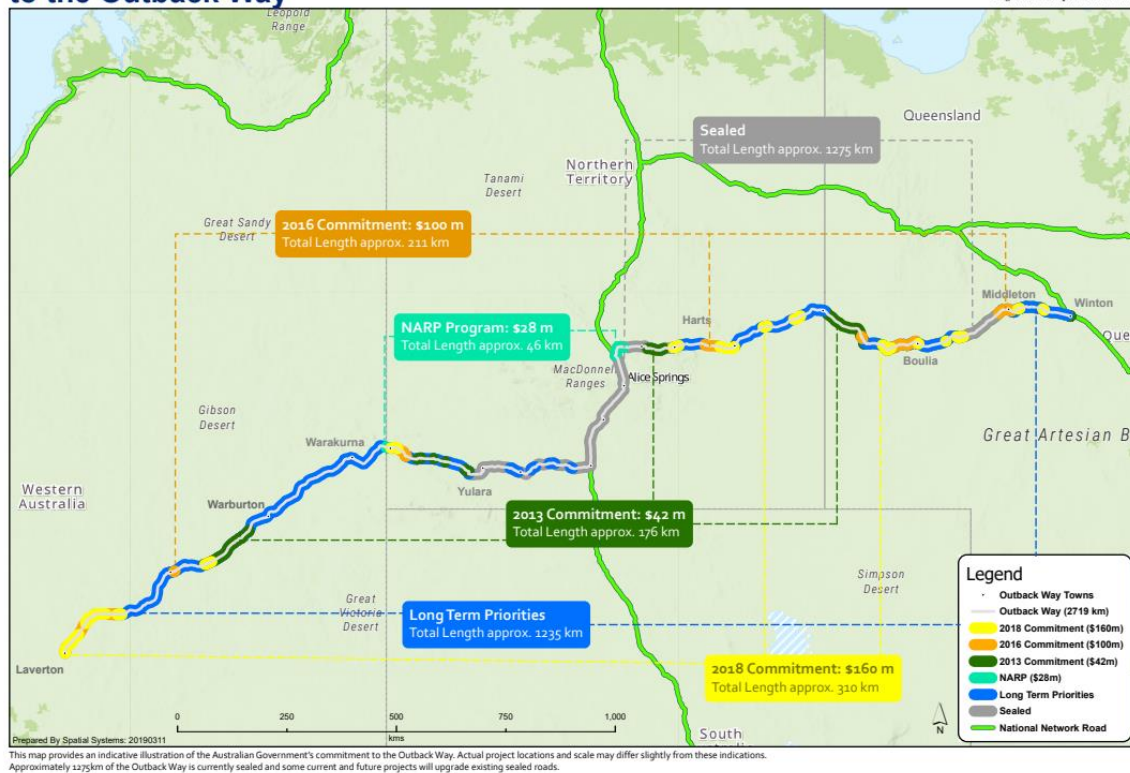

The Council continues with the established agreement with the Pier Street Medical practice to provide medical services to the town and district. This is essential to ensure that there is medical services at the hospital and for the community. Furthermore, the essential aspect of the new hospital only defines the importance of providing the medical service to the new hospital and the council is continuing to ensure that the hospital is built and the appropriate funding is provided for the completion of this facility.

Following approval of Government funding for up to 50km of roadworks upgrading of the Great Central Road, as part of the Outback Way Highway project. The Outback Way continues to gather interest and funding \$40.5 million has been secured to undertake further construction and sealing of further sections of this road with another 50klms constructed and sealed from the existing seal being approximately 10 kilometres along the Great Central Road.

The Outback Highway Committee made up of local governments and through the General Manger, there is the constant trying to secure additional funding to ensure that the entire road will receive funding to complete the seal from Laverton to Winton in Queensland.

Additional investment of \$678 million (February 2022 and this is on top of previous \$330 million funding allocation) with Western Australia allocated \$400 million to the Outback Way has been confirmed by the Commonwealth Government to create a strong economy across Queensland, the Northern Territory and Western Australia, which will keep the Laverton economy strong and growing while jobs are created.

\$330 Million Australian Government Commitment to the Outback Way

The 2020 Sheila Laver Award was presented to Johanna McGuire in recognition of her service to the community of Laverton.

The Department of Social Services is responsible for the rollout of the Cashless Debit Card Program and the Council continues to provide a space at the Community Development Office and three staff members are employed on a part time basis (funded by DSS) to assist in continuation of the roll out. It has been a success to date and hopefully this initiative continues with funding provided to December 2022.

The Council has made contributions to various activities but not limited to:

- Murdoch Vet Microchipping and consult services
- Maintenance of the Town Oval used by the school through an agreement developed in this budget year, provides security for the school and council over the next twenty plus years.
- Support to the Race club through the maintenance of the course and getting ready for the race day.
- Youth support services for the youth of the council area and supported by the Department of Communities

- Upgrade of various facilities including council housing
- Provision of government services through the Community resource centre

The Council approved the expansion of the Great Beyond with an extension of this wonderful facility with a building cost of \$2.6 million with matching Council funds and support from State Government with a grant of \$1.3million. The aim is to future proof the Council and capture the market as the Outback Highway continues to be sealed and the visitor numbers increase.

Local Roads and Community Infrastructure

The Council has received funding from the Commonwealth government totalling \$533,569.00 in Phase 1 of the program with phase 2 and 3 seeing the Council receive another \$1,400,000.00 to be allocated to essential infrastructure projects over the next two years.

CHIEF EXECUTIVE OFFICERS REPORT

I find that Council has a dedicated work force, and they produce excellent results through trying conditions of being a remote community.

The Council and especially the leadership of the Shire President and councillors has been refreshing in the support of undertaking initiatives for the community.

Premier Mark McGowan, Regional Development Minister Alannah MacTiernan and local Member for Mining & Pastoral Kyle McGinn visited Laverton in September 2019 to announce a State Government contribution of \$1.3m to the project.

Promotional Opportunities & Tourism Initiatives

Many opportunities to positively promote our region arose throughout 2020/21. Staff have completed the GEMS (Goldfields Esperance Must See) project with a website and APP now live. The GEMS project was funded by the Goldfields Esperance Development Commissions' economic development grant with the intention of encouraging visitors and residents to explore the region. Now established, the GEMS project will rely on local councils, business, and attractions to maintain their information.

Electric Pictures had another successful season of filming Aussie Gold Hunters which is set to air in mid-2020. Both Aussie Gold Hunters & Outback Opal Hunters featured miners from the Laverton Area and will be aired on Foxtel's Discovery Channel.

Some new additions to the Great Beyond gift shop are some local made products. The Great Beyond has facilitated the making, branding, and selling of 'Bush Medicine' made by local resident Raylene Evans. The Bush Medicine has proven to be a popular item with regular visitors from the region coming in to stock up on the well-known product.

Additional to this, the Great Beyond has partnered Martna Sandalwood to be a stockist of their new Pulse Point Sandalwood Oil. Martna Sandalwood is a Leonora built business that is attempting to sustain the sandalwood industry by harvesting the oil from dead sandalwood trees, while planting new trees in their place. Their harvesting area includes land northwest of Laverton, and the initial launch of their product has been prosperous.

Events

Again, Shire staff hosted several events throughout the year, the Great Beyond was proud to facilitate or host a number of these events including the town's NAIDOC Celebrations in Kalgoorlie, Carols by Candlelight, the CRC's annual Christmas Lights Competition and Clean Up Australia Day.

Although COVID-19 has had an impact on the preparation of Laverfest, planning for the festivities is still going ahead.

Laverton Men's Shed

Through grant funding, fundraising and donations from local mining companies & the Shire of Laverton, the members of the Laverton Men's Shed were able to build a purpose built shed on the site of the Old Court House

Community Resource Centre

2020-21 was a unique year with restrictions continuing and constantly changing due to the Covid-19 pandemic and a relocation to the newly renovated Old Coach House building early 2021.

Due to Covid-19 restrictions early in the budget year some large-scale Community events had to be postponed, despite the challenges restrictions imposed on the service deliverables of Laverton CRC the CRC Team adapted and amended services and programs to continue meeting the needs and supporting Laverton Community as best we could under the

circumstances. One of our most successful amended programs was adapting our weekly early literacy program for pre-kindy aged Children to a virtual weekly program, utilising Laverton Post Office as the drop off and collection point for parents to collect interactive backpacks for each virtual session.

The relocation to a newly renovated premises in late January and February meant a period of closure once again with limited services and deliverables while the CRC Team and contractors prepared the new space. The restrictions and CRC relocation saw a significant decrease in our statistical data however throughout March as CRC services and deliverables returned to full operation the statistical data significantly increased over the next several months as Community, local and visiting services and organisations became familiar with our new location.

Throughout 2020-21 the CRC Manager and CRC Assistant completed a Diploma of Social Media Marketing, attended a DPIRD workshop in Perth and online information sessions regarding the upcoming new CRC funding contract, our current PSP contract will expire 30 June 2022 and all staff have attended a variety of training workshops and information sessions via video conference.

Additional to our everyday services, over the 12 months we delivered twelve activities and initiatives to improve skills and capacity for local business and workforce, delivered fifteen activities and initiatives focused on creating and improving community connectedness and capacity and continued to host weekly and monthly programs for our local seniors and pre-kindy Children.

In conclusion 2020-21 was a successful year with DPIRD contract obligations being met, demonstrating the resilience of the Laverton CRC Team, and once again highlighting the importance of the Community Resource Centre within our Community.
