## Shire News

The Shire of Laverton would like to raise the following items that may be of interest to community members. For further information, please visit the Shire website at [www.laverton.wa.gov.au](http://www.laverton.wa.gov.au) or contact the CEO during office hours if the information you seek is not on the website.

### Appointment of Acting Chief Executive Officer

Mr Pascoe Durtanovich has commenced temporary employment with the Shire of Laverton and will fill the role of Acting Chief Executive Officer as from 12 August 2017 until a permanent Chief Executive Officer is appointed.

### Main Street Project Update

The Main Street Project has reached a stage where (following a meeting between Project Manager and Councillors last week) a number of decisions were made to facilitate the construction works moving forward. Further to the latest public notice issued by Quadrio Earthmoving last week, decisions have been made regarding below ground services which now enables works to proceed at the Wedgewood Close intersection, the raised garden bed walls at the Post Office and the main pedestrian crossing at Laver Place. The primary cause of delays to date has not been the fault of the contractor - Quadrio Earthmoving have, in fact, been very cooperative and flexible in assisting to resolve these issues which have arisen from shortcomings by others. We also recognise that members of the public have been very patient and that is greatly appreciated.

The Contractor's revised construction program will now see civil works (including bitumen sealing/asphalting/kerbing) completed by 28 August and final landscaping by 27 September, noting that there is a lead time for delivery of street furniture and plants. Following last week's issue resolution, Quadrio have mobilised additional equipment as well as irrigation and paver/bricklayer subcontractors and works are proceeding in a number of areas including footings and walls at the Post Office raised garden beds, the Wedgewood Close intersection pavement reconstruction, preparation for pavers which are starting to be delivered to site, the completion of main irrigation line connection to the School Oval tank and the setting out of levels in the area between the Desert Inn Hotel and the Police Station.

### Solar PV Installation

At the June Ordinary Meeting of Council, Tender 06/17 was awarded to Save Energy Pty Ltd for the installation of roof-mounted Solar Photo-Voltaic Systems on the Shire Administration building and/or Hall building and the Great Beyond Information Centre. This is one of the renewable energy projects for the Goldfields-Esperance region initiated by the Goldfields Voluntary Regional Organisation of Councils who were successful in securing funding for this through the Country Local Government Fund.

### Plant Replacement Program

As agreed by Council at the May Ordinary Meeting of Council, several items of plant were offered for sale by tender as a part of the Shire's Plant Replacement Program and new replacements sought. These processes have now been concluded and we have taken delivery of two new Graders, with a new Multi-Wheel Roller due to be delivered at the beginning of August, and a new Rubbish Truck has been ordered and we are hoping to take delivery of this within the next two or three months.

### Town and Road Crew Works

Our Construction Crew continues to assist with the forming and constructing of the 50 kilometres to be sealed on the Great Central Road. All earthworks, drainage, shaping and base course is completed (except final trim & water binding for sealing) from SLK 0 to SLK 7.5 and the road section SLK 7.5 to SLK 11.3 is currently being constructed and is due to be completed by August 2017.

Council's two Maintenance Crew graders have completed the following sections of road since the publication of the last Sturt Pea and are currently on Bandya Road and the Old Laverton Road:

- 1) Lakes Wells Road - Great Central Rd to the Lakes Well Station
- 2) Great Central Road - Yamarna Rd to the Tjukayirla Roadhouse
- 3) Great Central Road - Tjukayirla Roadhouse northeast for 170 kms
- 4) Great Central Road - Yamarna Rd to Laverton
- 5) White Cliffs Road - Great Central Rd, East 120 kms

The Town Maintenance Crew have assisted with the removal of pavers for the Main Street Project and also continued with their daily activities which include rubbish collection, covering waste at the refuse site, street sweeping, Parks and Gardens maintenance and mowing.

### Local Government Week/Banners In The Terrace

The annual Local Government Convention and Trade Exhibition will be held in the first week of August this year and in conjunction with this, the WA Local Government Association holds their Banners in the Terrace Competition which highlights the variety of landscapes, lifestyles and communities that exist across the State. Laverton has an entry in the 2017 Competition, so if you are in Perth between Sunday 23 July and Saturday 5 August see if you can spot the Laverton Banner somewhere along St George's and Adelaide Terraces.

### Staff – Youth Officer Positions

Currently the Shire is seeking staff to deliver youth activities in Laverton. The first position available is a full time position of Youth Officer and applications for the position of Youth Officer close 4pm Tuesday 4th July. We are also looking for casual Youth Support Officers who will assist the Youth Officer to create and support youth programs and activities. As this position is a casual one we will consider appointing more than one applicant. No deadline has been set for applications, so if you are interested after reading this article, please contact Jo Morgan on 0407 062 542 to discuss the position.

### **School Holiday Youth Program**

A big fortnight of activities has been planned for the July School Holidays. In the first week, Curtin Volunteers will be in Laverton assisting with activities from Monday 3 July to Friday 7 July. A number of NAIDOC Week activities will form part of the holiday program, including creating a NAIDOC banner, an official Opening Ceremony, dot painting, Emu puppet making and a Cultural Day out bush. Also forming part of the first week activities will be a number of bbq's, sports activities (including Auskick and junior & senior netball games), a cook-up, arts & crafts and a Superhero Parade.

In the second week from Monday 10 July to Friday 14 July, there will be a wide range of activities including a Domino Toppling Championship, veggie seed planting, arts & craft activities, cooking, sports activities, a fun gym & inflatables session with YMCA, movies, a sausage sizzle, a pool competition, making a graffiti banner and an afternoon tea party. The Youth Program is for children 9-16 years. Children under 9 years must be accompanied by an adult at all times. Details of all activities can be found on the Noticeboards around town or by contacting Jo Morgan on 0407 062 542.

### **Friends of the Laverton Cemetery Advisory Group**

The Friends of the Laverton Cemetery Advisory Group provides recommendations to the Laverton Shire for the upgrading of the Laverton Cemetery. The Advisory Group generally meets at monthly 5pm on the Tuesday immediately prior to the Ordinary Meeting of Council. The Group is looking for some new members, so if you have an interest in the Laverton Cemetery and would like to participate, please contact Graham Stanley at the Shire Office on 9031-1202 to discuss nominating for a position.

### **Council Agenda and Minutes**

Due to a technical problem we have been unable to upload copies of our Agenda and Minutes to our website in recent months, however copies are available for viewing at both the Community Resource Centre or the Shire Administration Office.

### **Council Meeting**

The next Ordinary Meeting of Council is scheduled to commence at 5:00pm in the Council Chambers of the Shire Administration Office on Thursday 20 July 2017. Members of the public are welcome to attend.

**Steven Deckert**  
Chief Executive Officer

Letter to the public

Re: Laverton Main Street Upgrade

During this swing of works 29/5/17 through to the 18/6/17 Quadrio Earthmoving expected works to be completed have been delayed by unexpected issues relating to the discovery of buried electrical, telephone and water services the locations of which are impacting on the designed mainstreet works. A lot of effort has been going in by the contractor and project supervisors behind the scenes to make arrangements for relocation of several services (particularly in the vicinity of the post office and intersection of Wedgewood place) however we are having to deal with fairly lengthy response and action times from service authorities and their sub-contractors due to other commitments. Unfortunately, due to these services and the required approval process QEM cannot confirm an exact date of approval or completion of the works.

We are pleased to say that the main water line relocation in front of the post office has been relocated and arrangements have been made for Telstra contractors to be on site at start of next cycle (26 June) to deal with the Telstra line. That will then enable work to undertaken for construction of footings and retaining walls for the replacement raised garden bed.

- During the upcoming swing 26/6/17 through to the 16/7/17 QEM will begin installation of footpath paving at LV parking area and the area in front of hotel.
- Pavement backfill at Wedgewood place intersection to be completed (as soon as clearance is obtained from Horizon Power in relation to power conduits previously installed by others under this intersection)
- Construction of the raised garden walls at post office.
- QEM will also be completing various road widenings along Augusta street along with the realignment of McPherson street

We will endeavor to keep any disruption to an absolute minimum and would like to thank you for your understanding.

If you have any further queries, please do not hesitate in contacting our office above.

Yours faithfully

Mathew Wundenberg

On behalf of Quadrio Earthmoving Pty Ltd

Hello and welcome to the July edition of the Sturt Pea,

July is about to be a very busy month for the Laverton Community Resource Centre with NAIDOC being first on the list. We have coordinated an awesome week with lots of support and contributions from many organisations, businesses and volunteers in order to celebrate the history, culture and achievements of Aboriginal and Torres Strait Islander peoples. We hope to see lots of the community attend and participate in the weeks activities and events. (the week program can be found on this months cover and on pages, 10-13)

The Better Beginnings Story and Rhyme Time will be closed throughout the school holiday period and will recommence on Wednesday 19th of July 2017, 10:00am at the Community Resource Centre. The program is open to children 0-5 years and their parents and carers.

The monthly Seniors Morning Tea will be held on the 27th of July 2017, 10:00am at the Community Resource Centre. Attendance have been low this year so we would like to give a friendly **'shout-out'** to all the seniors in the Laverton Community to come along and support the program. We offer some good coffee, yummy cakes & sandwiches, tricky trivia, BINGO and a good **ol' fashioned gasbag. We also hope to see all Seniors who have received invitations at the 2017 Seniors NAIDOC dinner** which will be held on the evening of Wednesday 5th July 2017, 6:00pm at the Great Beyond Visitor Centre.

Please also mark on your calendar that the 6er will be an open day at the Laverton Community Resource Centre on Tuesday 1 August, so come along to sort out any fines to do with your licence, apply for a WA Photo (ID) Card or apply/register for a Birth certificate. (Details on page 9 and please bring with you as much ID as you can)

I hope you have a fabulous July, and please enjoy the read.

Aaliyah Tuhakaraina  
Assistant Coordinator  
Laverton Community Resource Centre

Apology

To Whom it May Concern,

I, Magz, wish to apologise for my inappropriate behaviour at the Inter-Agency Quiz Night which was held at the Laverton Sports Club on Friday 23 June 2017. I apologise to all staff and management from the Laverton Supermarket and BP Roadhouse.

I am truly remorseful for my inappropriate behaviour and will endeavour to ensure that I do not repeat it again. I also apologise to anyone else who may have been offended by my behaviour.

## THE GREAT BEYOND VISITOR CENTRE NEWS

P: 9031 1361 | E: [greatbeyond@laverton.wa.gov.au](mailto:greatbeyond@laverton.wa.gov.au) | 5 Augusta St, Laverton  
Facebook: [TheGreatBeyondLaverton](https://www.facebook.com/TheGreatBeyondLaverton)

### Great Beyond at Golden Gift

The Great Beyond had a very successful market stall at the Leonora Golden Gift celebrations. It was great to see so many Laverton people enjoying the Leonora Race Day, the live concerts and fireworks on Saturday evening and the fabulous weather on the Sunday market day. Congratulations to the Laverton kids who participated in the running races, we were cheering you on from the side lines.

### Golden Quest smart phone app

The Golden Quest Discovery Trail now has a great smart phone app, launched on the 30 June 2017. If you are interested in the history of the region and enjoy going on day trips in the area, download the app and check out the trail maps, site information and the amazing collection of photos. The Laverton section of the trail follows the Old Laverton Road, it is an enjoyable day trip and a great idea for a day out if you have visitors.

### New Community BBQ Trailer

Local residents may have seen a new red trailer around town, this is the new Community BBQ Trailer purchased by the Shire with the help of funding received by the Department of Infrastructure & Regional Development. We look forward to using the trailer at many community events.

### Being patient with Tourists & Road Works

We just want to remind everyone to be patient with visitors as they try and move their vehicles (and vans) around the streets while road works are being carried out. With limited signage in the street at the moment, it is very hard for people visiting the town to find their way around. Thanks for understanding.

*Just a quick thank you to the Laverton KP1 Class for their kind letters. The Class visited the Great Beyond on International Museum Day and let us know all their favourite things about the Museum.*

## AMERICAN CONCERT PIANIST

**Friday 25 August | 6.00pm**  
**Laverton Community Hall**  
**Tickets \$10**

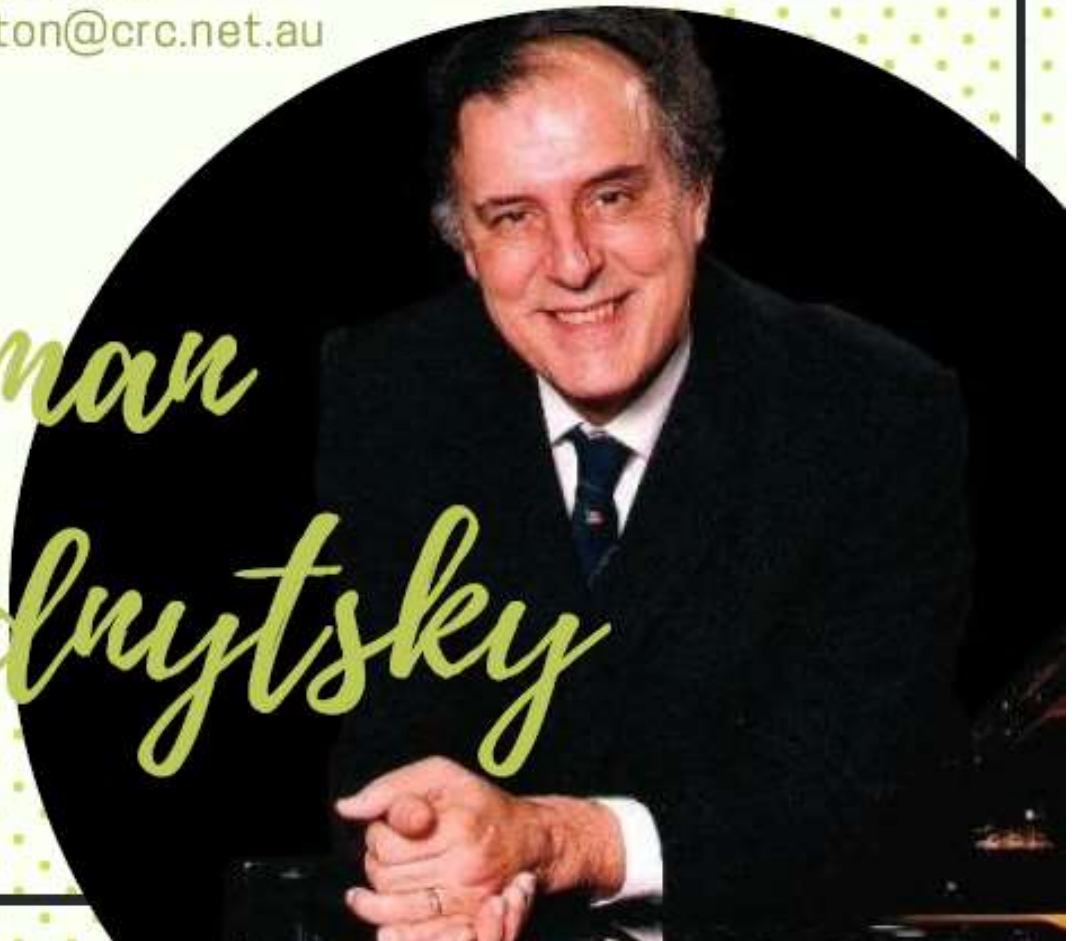

**Beer and Wine on Sale - Strictly no BYO**

**Cheese Platters available \$25 each  
(pre-order required, feeds 4 people)**

Tickets available from the  
Laverton Community Resource Centre  
Phone: 9031 1800  
Email: [laverton@crc.net.au](mailto:laverton@crc.net.au)

*Roman  
Rudnytsky*

# Roman Rudnytsky

## CONCERT PIANIST

Roman Rudnytsky is an American concert pianist of Ukrainian background whose performances take him all over the world. A graduate of the famous Juilliard School in New York, he has as of 2017 played in about 100 countries.

Born in New York into a family of professional musicians, Roman Rudnytsky started the study of piano at age four and gave his first recital at age seven. He is prizewinner of ten national and international piano competitions, including 2nd Prize in the International Leventritt Competition in New York - at that time, the most prestigious international competition for piano and violin in the USA. He has been soloist with many orchestras around the world, playing with them over 45 different works for piano and orchestra. He has also played many concerts in over 35 countries since 1984 through the auspices of US Embassies and has also played recitals on 65 cruises of P&O and Cunard ships to and from the UK. His most recent performances (early 2017) were in the UK, the island of Saipan, Alaska, and elsewhere in the USA.

Roman Rudnytsky has come to Australia for concert tours every two years since 1979 and has played about 600 concerts there in that time - more than in any other country he has traveled to. These have ranged from the Sydney Opera House to many small country and Outback towns in every State and in the NT - for many local arts councils, at many regional performing arts centers, at universities, and as soloist with several orchestras.

Mr. Rudnytsky gave the Australian premiere performance in 1993 of the then-recently-discovered Liszt Concerto No.3 in E Flat for piano and orchestra as soloist with the SBS Youth Orchestra in the Sydney Town Hall. The SBS broadcast this concert through its TV network as part of its documentary on this concerto, called "Discovering Liszt". He also served twice as Artist-in-Residence at the Univ. of Melbourne Faculty of Music and once at the Univ. of Wollongong School of Creative Arts.

Roman Rudnytsky is also currently "Professor Emeritus" of the Dana School of Music of Youngstown (Ohio) State University, where he served on the piano and music faculty for 39 years.

Following this year's Australian tour, Mr. Rudnytsky will be playing recitals between early October and early December on five cruises of Cunard ships (all three of them: the Queen Mary 2, Queen Elizabeth, and Queen Victoria) and, in late December, will be performing on the island of Guam.

**Roman Rudnytsky CD's will be available for purchase at the recital.**

## From the Departing Officer-in-Charge

Well, what a three years it has been – I tell everyone I came here with a head full of hair and now I leave nearly totally bald. What an affect this community has had on me. I certainly will not forget Laverton or its people.

We have had some highs and some lows but I hope we have done our job here and you have all felt safe and secure in your homes.

Laverton Police have received some praise recently and this is all due to the very hard working team of staff that live and work here. The guys and girls here live and breathe the worst this town can offer, quite often on a daily basis, yet they continue to front up day and night. They do so, not wanting praise or recognition, they just want the community to be the best it can be. I thank all of them that have been part of the team at Laverton Police Station for the period I have worked here, a great bunch of people working hard and achieving great results.

Our hard working Customer Service officer Louise Stout also needs a mention, she is the heartbeat of this station and has been for years. I wish her all the best in her future endeavours.

I would love to come back here in five years to see how much the town has changed, the completion of the Community Hub, Main Street, Hospital upgrade and hopefully bituminising the Great Central Road will see a dramatic change.

I would like to personally thank a few groups of people.

The Laverton Shire and Martin Seelander for their assistance over the years. Their school holiday programs go a long way towards keeping our juveniles out of mischief and our juvenile crime problem down. Martin does an enormous amount of work behind the scenes that no one knows about or gets to see. Well done Marty and the shire.

Staff at the Hospital have always been awesome, they get to deal with the same issues we deal with a lot of the time, they also fix us when we are broken, great job by all up there.

The Laverton School works hard at educating the children, they are our future and the more effort that goes into their education the better. Well done to the team there.

Child Protection have a difficult job to do here too, our new officer Kevin, is very proactive and we will see plenty of good things happen in this space in the future.

The Women's Crisis Centre has had an enormous impact on this town. From the very day they opened they have been kicking goals and it continues, day in and day out. The staff there do an amazing job and I could not imagine life in this town without them. Please keep up the great work.

Our volunteers in Laverton also deserve a mention.

Eleanor HILL and her 'Green Angels' have a thankless task, they are available 24/7, they still have their own jobs but they provide a service this town cannot do without. Keep up your fantastic work.

Tiffany and her team of the Volunteer Fire Fighters are also a great team that this town needs, again, without their efforts and availability, we would be lost.

Christine, Julie, Ange and the team at the Laverton Leonora Cross Cultural Association are a big part of this town. Their programs and support is on offer for all to see, please continue your good work.

If I have missed thanking you, I am sorry, it is not intentional.

Janique and I are very excited about our move to Collie. Greener pastures here we come! A colder climate and some new and exciting challenges ahead for us. We have made many friends here in Laverton and take away some very fond memories that will be with us forever. The fact we met here is amazing and it will always hold a special place in our hearts.

I wish you all the very best on behalf of Janique and I. The team at Laverton will continue to work hard for you all into the future and if you have any issues do not hesitate to call them. No replacement has been found for me as yet but it is hoped one will be selected in the very near future. I am sure they will enjoy their time here as much as I have. Please take care everyone!!!!

# Pet Corner

By Jezaire Kelly

## Sterilisation in Cats and Dogs:

Imagine a world without homeless dogs and cats? - Imagine a world where no animal is left outside in the cold on rainy days with no shelter, food or warmth. Approximately 10,000 humans are born everyday in the U.S , compared to this around 70,000 puppies and kittens are born everyday also. If this is just in the U.S alone, imagine world wide? Over population of animals is getting worse and worse. As long as this birth comparison exists, there will never be enough homes for the number of these animals. Not only does De/Sexing your pet (Cat or Dog) prevent unwanted litters, (over population) but it also helps to stop bad behaviours from your pet and also major health risks that can cause your pet to become very sick, and may even lead to death in some fatal cases.

### **What is Sterilisation?**

De/Sexing / Sterilisation- In females it involves the Cat / Dog being put under general anaesthetic and having their ovaries and uterus fully removed. In males, the testes and all reproductive organs inside the testicular area are removed leaving no chance of any reproduction to occur.

### **Why should we Sterilise our animals ?**

Unwanted pregnancies: Very often people don't think much about De/Sexing their animals, then they end up with a litter of puppies or cats they never intended on their animal giving birth to. Studies show that over 6 million cats and dogs in the U.S that are either abandoned, or not wanted are put into shelters each year. Imagine how much bigger that number is throughout the whole world? This number could drop right down if owners took into consideration of De/Sexing their pet. Around 2 - 3 million of these pets, who have nothing wrong with them, are healthy, loving and deserve a life have to be euthanized. Most of their life is spent confined in a cage with no freedom or love, others don't even get that opportunity and end up roaming the streets until they get caught by authorities, only to be euthanized as well. This is often from biting or attacking another animal as it is their only way of survival.

# Pet Corner

By Jezaire Kelly

Undesirable behaviour: Have you ever walked your dog in the park or around the park and another dog is there marking its territory, and it urinates all over the trees? Is your dog often very dominant towards other male dogs, or even females? Neutering your dog can be the ending of these problems. Not only does it stop the male dog from being dominant towards others, but it also gets rid of bad behaviours like barking/spraying/aggression. It also stops the female dogs monthly cycle so if your dog is an inside dog, you will appreciate this a lot more. When your male dog is neutered it not only removes the vital reproductive organs but also its main source of testosterone, which changes the dogs whole behavioural attitude in most cases. Also if your dog is a wanderer it may also help to keep it in the backyard as it wont be interested in females who are on heat in the area.

Health Risks: A neutered pet has lower risks of contracting ovarian cancers, prostate diseases, testicular cancer, uterus infections and mammary tumours.

Not only should these fair points persuade you to Sterilise your dog or cat, but they should also give you some information on how badly the over population is and the mortality it has on these pets. Over population will not get any better unless we do something about it!

Sources: <https://www.peta.org/issues/companion-animal-issues/overpopulation/>

## WHY STERILISE FACTS:

AN UNSTERILISED PET  
AND ITS OFF-SPRING CAN  
PRODUCE OVER 60 000  
LIVES IN 6 YEARS.

# Beauty Spot

By Aabiyah Tuhakaraina

Hello and welcome to Beauty Spot - Issue 2

In this controversial issue of Beauty Spot I am going to be educating you on the dangers, health risks and financial risks of counterfeit beauty products. The reason I say this will be controversial is because there are people far and wide who have used fake makeup, perfume, sunscreen etc. And had no problems with it, so they will argue my points on this. But what I will be talking about is not only instant reactions but long term effects as well.

Lets start off with the dangerous and sometimes disgusting ingredients that have been scientifically tested and found in various counterfeit makeup and beauty products:

**MERCURY** - While mercury is found naturally in the earth's crust, it is highly toxic and it can harm the heart, kidneys, immune system, lungs, and brain. It can also cause skin rashes, muscle weakness, headaches, and insomnia. In eye makeup, it can permanently damage your vision.

**LEAD** - Counterfeit makeup products can have up to 19 times the legal limit of lead in them. Lead can build up in the human body over the months, leading to lead poisoning. In adults, lead poisoning can cause memory loss, joint and muscle pains, and headaches. Pregnant women risk miscarriage or premature birth if they are exposed to too much lead.

**ARSENIC** - Arsenic is a toxic elements that can cause abdominal pain, shock, and even death.

**E.COLI** - The FBI reports that counterfeit cosmetics can often contain dangerous amounts of bacteria in them. One bacteria that has been found and identified in fake cosmetics is e. coli (Escherichia coli). E. coli can cause severe diarrhoea, as well as kidney failure and anaemia. Some of the e. coli strains can also cause urinary tract infections. It is spread through faecal matter and people not washing their hands after having a bowel movement. Considering that there are no sanitary practices among the gangs making fake makeup, the spread of e. coli comes as no surprise.

**ALUMINUM** - Studies show that toxic metals contribute to brain diseases by producing oxidative stress and aluminium is one of the worst offenders. The prevailing belief around the world is that aluminium is linked to degenerative brain diseases such as Alzheimer's and Parkinson's.

**PAINT STRIPPER** - Some of the known hazards associated with paint strippers are respiratory damage from breathing in the chemicals, skin diseases, and damage to the brain, nervous system, and to internal organs. This is not something you want to get onto your skin or into your eyes.

**RAT FECES** - Tests on counterfeit makeup have revealed a horrifying ingredient: rat faeces. Whether the rat poop has been added to the makeup ingredients intentionally or it is due to filthy work conditions is unclear in the numerous reports on find this special ingredient. One thing can be certain: rat poop contains bacteria and germs that we would not knowingly put onto or into our bodies.

**HUMAN URINE** - Counterfeit fragrances have been found to contain something called DEHP, classified by the Environmental Protection Agency as a probable human carcinogen. These phony perfumes and colognes, which sometimes contain urine as well, have been known to cause serious skin rashes.

## FACT

Profits made from counterfeit make-up are used to fund drugs smuggling and terrorism, say Interpol.

**Interpol** - The International Police Organization is an intergovernmental organization facilitating international police cooperation.

## HOW TO SPOT FAKE MAKEUP

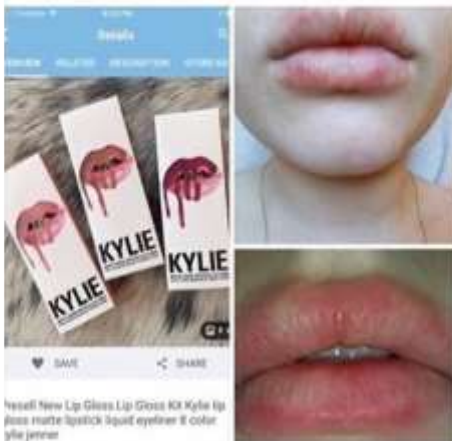

1. The Price - Fake makeup will most likely be a whole lot cheaper than the genuine product - meaning cheap production and quick sales.
2. Packaging - Fake makeup products will never be 100% identical to the real deal. Counterfeit items will have uneven fonts, misspelled words and incorrect shade names printed.
3. Distributors - Where did you purchase your product from? If it was eBay, Aliexpress, Wish, dhgate.com, Amazon or any other similar site, then chances are you've scored yourself a fake. It is important to be cautious when buying from the mentioned websites/apps above as ANYONE can create an account and sell ANYTHING they want. This is why producers of counterfeit products choose these as their distributing point. You should also refrain from buying makeup from Facebook buy/sell/swap groups unless they have receipts to prove they purchased their products from the company's website or trusted resellers (Sephora, Mecca, Adore Beauty, Beauty Bliss etc.)

If you are ever unsure of your purchase then you can always contact the makeup company directly and send them all the details including photo's of packaging/ barcodes/batch numbers.

## BEWARE OF FAKE MAKEUP FROM CHINA

Don't buy from WISH!!! At least not makeup!!  
Its dangerous they don't have the same laws in China!!  
So they add dangerous chemicals to their knock off products!! Just look at these lips from the Kylie Jenner lip kit knock offs. You get what you pay for....

## FACT

From 2008 to 2010 almost 70% of all counterfeit goods seized worldwide were from China, according to the U.N. Office on Drugs and Crime.

In conclusion, If the price seems too good to be true... it probably is. Obviously the temptation might be too good to resist but think about this before purchasing knock off makeup or beauty products - Is having the brand name worth having damaged vision? Is having that pretty lipstick colour worth having rashes and infections on your lips? If the ingredients weren't enough to turn you away from purchasing counterfeit makeup then I don't know what will. Thankyou for taking the time to read this months Beauty Spot , I hope you have learnt a thing or two. See you next month! - Aaliyah

# Veggies In Your Fridge That You Can Regrow Again

Did you know that there are many vegetables in your fridge that you can easily regrow?  
Below is a short list of just some of the vegetables you can grow in a few simple steps.

1. Basil

Strip Basil leaves from 3/4 of the stem. Place in a jar or cup of water (make sure jar or cup has clear glass). Place on window sill or somewhere that gets sun. (not too hot of an area).

Change the water around every 3 days.

Roots should start to grow out of the bottom of the stems.

Once roots reach around 3cm transfer into a pot. This should take two to four weeks.

2. Celery

Cut off base of the base of the celery stalk. Keep on about 3cms  
Place the base in a small dish of water.

Within a week you should see the centre of the celery stalk change to a yellowish colour.

In a couple of weeks shoots should start to grow. After around 3 weeks the base should be ready to transplant into a pot of soil.

3. Bok Choy

Another simple vegetable is Bok Choy. Simply cut the base of the stalk leaving on about 3cms.

Place in a small dish on water. Place on window sill or somewhere that gets sun.

Change water ever 2 days,

Roots should start to grow from the bottom and shoots should start to appear at the top.

Transplant into a pot after about 2-3 weeks

## 4. Romaine Lettuce

Much like Celery and Bok Choy, Lettuce can be easily regrown in a small dish of water. Simply cut about 4cms of the base of the lettuce.

Place in a small dish of water (you may need to use some small rocks to stop the lettuce from falling over).

You should start to quickly see leaves grow. Once you see roots appearing it is time to plant lettuce into a pot of soil.

## 5. Onion

Cut the bottom of the onion off. Place the roots in a dish of water, but make sure not to fully submerge the rest of the onion. Place beside a window that receives good sunlight. spray the top with a little water every on to two days.

The onion should start to grow roots out the bottom, and green stalks should start sprouting through the top. After about 2-3 weeks the sprouts and roots should be long enough to plant. If there are multiple stalks that have sprouted on the onion, you can carefully separate each stalk with some roots attached to each stalk.

Transfer each stalk into a pot or garden bed.

## 6. Potato

You can regrow potatoes simply by looking for eyes that grow from the vegetable (As shown in the picture above. Cut potatoes into 3cm pieces that contain eyes. Let the pieces sit out for a day, so the exposed areas are able to dry out a little.

**Plant the pieces in about 10cm's of loose soil, with the eyes facing up.**

## Property for Sale

**FOR SALE**

## Cable Street, Laverton WA 6440

In the heart of town and walking distance to all amenities.

Calling all Builders/Handypersons – make an offer.

You won't get cheaper in town for the size of this duplex pair.

- Block size: 830m<sup>2</sup>

**\$75,000 – All offers considered.**

Contact Maree on 0481 043 367

or

Neale on 0414 275 133

## BRAIN TEASERS

1. A man stands on one side of a river, his dog on the other. The man calls his dog, who immediately crosses the river without getting wet and without using a bridge or a boat. How did the dog do it?
2. A sundial has the fewest moving parts of any timepiece. Which has the most?
3. What is unusual about the following words: revive, banana, grammar, voodoo, assess, potato, dresser, uneven?
4. What makes this number unique -- 8,549,176,320?
5. Put a coin into an empty bottle and insert a cork into the neck. How can you remove the coin without removing the cork or breaking the bottle?
6. Two boxers are in a match scheduled for 12 rounds. (Pure boxing only - no kicking, UFC takedowns, or anything else). One of the boxers gets knocked out after only six rounds, yet no man throws a punch. How is this possible?
7. In 1990, a person is 15 years old. In 1995, that same person is 10 years old. How can this be?
8. A man takes his car to a hotel. Upon reaching the hotel, he is immediately declared bankrupt. Why?
9. What do these words have in common: polish, job, herb?
10. **You're standing in a hallway with three light switches on the wall, each of which turns on a different lamp inside a closed room. You can't see inside the room, and you can't open the door except to enter the room.** You can enter the room only once, and when you do, all the lamps must be turned off. How can you tell which switch turns on which lamp?

Answers will be in the August edition of the Laverton Sturt Pea

---

### Answer from the June edition of the Laverton Sturt Pea

- 1) What can you keep but cannot share and once you share it, you can't keep it anymore?  
- A secret
- 2) How can you go from DINER to MENUS, changing one letter at a time and forming another English word in each step?  
- DINER MINER MINES MINUS MENUS
- 3) What question can never be answered, "Yes?"  
- Are you asleep?
- 4) You are in a bathroom with stone walls and no windows. You start to run a bath when the handles come off and there is no way of turning the tap off. You can't escape because the door is locked and there are no windows. The room will flood and you will drown. How can you save yourself?  
- Pull the plug in the tub.
- 5) There is a man on an island prison, he cannot swim. One day he escapes using nothing but himself. There is no bridge. How does he do it?  
- He escapes in the winter when the body of water surrounding the island is frozen. He simply walks away.

## Quick Fish Coconut Curry

### Ingredients:

- 1½ teaspoons vegetable oil
- 1 small onion, thinly sliced
- 5 tablespoons freshly grated ginger
- 5 tablespoons crushed garlic
- 1/3 teaspoon of turmeric powder
- 500ml coconut milk
- 1 teaspoon salt
- 500g of white fish, cubed
- 1 tomato, chopped
- 1 tablespoon freshly chopped coriander leaves

---

### Method:

1. Heat the oil in a large frying pan. Fry onion until brown.
2. Add ginger and garlic.
3. Season with turmeric powder and pour in the coconut milk.
4. Cook over low heat and then add salt and fish. Cook until fish is tender, 5 to 10 minutes.
5. Add tomato and coriander leaves just before serving.

## Banana 'Nice' Cream

Ingredients:

- 2 Ripe Bananas, sliced and frozen

Method:

1. Add bananas to the food processor and blend.
2. Occasionally scrape down the sides and continue to blend until smooth, approximately 3-5 minutes.
3. Scoop into a bowl and enjoy immediately as a soft serve! For firmer ice cream, place in an airtight freezer-safe container and freeze for at least 1 hour.

---

Tips:

- For a creamier texture, add coconut milk.
- To make the ice cream easier to scoop after freezing, you can add about 1 tbsp of vodka.
- Even better, add your favourite mix-ins such as:
  - Nuts
  - Fresh or Dry Fruit
  - Honey
  - Spices (cinnamon, cardamom, etc.)
  - Any nut butter

ENJOY!!

# FOR SALE

## HOUSEHOLD FURNITURE AND EFFECTS

EVERYTHING MUST GO!

### ITEMS AVAILABLE

- ◊ Large Baltic pine buffet \$900
- ◊ Small Baltic pine shelf unit \$100
- ◊ Exercise Stepper—make an offer
