## Shire News

**The Shire of Laverton would like to raise the following items that may be of interest to community members. For further information, please contact the CEO during office hours.**

### **Election of President and Deputy President**

**At the October 2017 Ordinary Meeting of Council, Cr Pat Hill, Cr Shaneane Weldon and Cr Rosemary Street were sworn in by Sgt Dale Grice. Cr Hill and Cr Shaneane Weldon were re-elected to Council and Cr Rosemary Street is the new Councillor elected. Following the swearing-in ceremony, an election was held for the positions of Shire President and Deputy Shire President. Cr Pat Hill was re-elected unopposed to the position of Shire President for a further of two years and Cr Shaneane Weldon was re-elected unopposed to the position of Deputy Shire President for a further term of two years.**

### **Executive Manager Corporate and Community Services**

**After almost four years of service to the Shire of Laverton, Mr Graham Stanley has resigned to take up a position with the Shire of Boddington. Prior to joining the Shire of Laverton, Graham served a number of other local governments in Western Australia in various roles, including Chief Executive Officer at the Shires of Cranbrook, Woodanilling and Tammin.**

**Graham has made a solid contribution in his time with the Shire and we wish him well in his new position.**

### **Great Central Road – Sealing Tenders**

**Council has accepted the following tenders for sealing works on the Great Central Road:**

- 1. Two months' extension of the contract with C & A Taylor Grading Pty Ltd for onsite construction work**
- 2. Stabilised Pavements of Australia awarded the contract for the Supply of Cement Stabilisation Services.**

3. Colas WA Pty Ltd awarded the contract for the Supply of Bitumen Sealing Services
4. Desert Sands Cartage Contractors awarded the contract for the Supply and Delivery of Sealing Aggregate

The above contracts are for the sections of sealing to be undertaken before December 2017.

### 2017 Sheila Laver Award

The Shire congratulates its newest 'Sheila', Mr Rob Wedge. Each year the community is invited to submit nominations for people who have made a significant contribution to the community to receive the prestigious Sheila Laver Award. This year's Award was presented by Shire President, Cr Pat Hill, to Rob Wedge for the many years of service he has given the Laverton community, in many different ways from serving on Council for many years to keeping several businesses running to make sure the town did not lose those services. Racegoers at the 2017 Laverton Race Day voiced their approval and congratulations very loudly as Wedgie was presented with his award.

### Website

We are pleased to advise that our website is now up and running in its new format at [www.laverton.wa.gov.au](http://www.laverton.wa.gov.au) and that we will be adding further content and information to the site in the coming weeks.

### Bush Fire Clearing

Residents and owners are reminded that the Shire is now in Prohibited Fire Season and that fire prevention measures were required to be in place before the end of October 2017 to avoid penalties for non-compliance. A full description of the requirements was distributed with this year's Rate Notices and further information is available from the Shire if required.

### Holiday Closure Information

Please see the following table for information regarding opening hours for Shire services over the holiday period. Dates and times for the Youth Centre and Swimming Pool will be posted on Shire noticeboards and the website during December once the Youth Centre programme for December/January is finalised.

# Expressions of interest

## Cleaner Position Available

The Shire of Laverton is seeking expressions of interest for a casual ad hoc cleaner. You will be required for some holiday relief and special cleaning jobs on an as needed basis.

Please contact:

Robyn Smith at the Laverton Shire Office 9 MacPherson Place, or by phoning 9031 1202.

Hello and Welcome to the November edition of the Laverton Sturt Pea magazine.

The end of 2017 is fast approaching and with this the CRC will be wrapping up the Seniors Morning Tea with the last one for 2017 being held on Thursday 30th of November 2017– this will be a Christmas themed event so wear your Christmas attire! Details page 48.

Better Beginnings Story and Rhyme Time will be continuing throughout November for children aged 0-5years, held at the CRC, 10am on Wednesday mornings. The Better Beginnings Christmas Break-up will be held on Wednesday 13th December 2017, we **invite parents to bring their little ones along as the rumour is 'Santa' might be visiting!** Details page 49.

Voting for the Laverton Calendar Photography Competition has now closed, votes have been tallied and winners will be announced in the December edition of the Sturt Pea magazine. Awards will be handed out on Wednesday evening 6th December at the Shire of Laverton, further details will be in the December edition of the Sturt Pea.

Entries into the 2017 Laverton Christmas Lights Competition will close on Friday 10th November. The competition is open to both residential and business owners within **Laverton. Please support this local event and 'light up Laverton' by stringing up a** couple of lights and entering the competition.

The practical driving instructor will be in Laverton on Monday 13th November, this will be the second last visit for 2017, booking a week in advance is essential to ensure the instructor visits.

Enjoy the read,  
Johanna McGuire  
Laverton Community Resource Centre Manager

Are you conscious of the environment?

You can receive an electronic copy of the Sturt Pea each month for free!

## THE GREAT BEYOND VISITOR CENTRE NEWS

P: 9031 1361 | E: [greatbeyond@laverton.wa.gov.au](mailto:greatbeyond@laverton.wa.gov.au) | 5 Augusta St, Laverton  
Facebook: [TheGreatBeyondLaverton](https://www.facebook.com/TheGreatBeyondLaverton)

### **From War to Remembrance - A Living History of the RSL**

The Great Beyond Visitor Centre is displaying an RSL Exhibition throughout the month of October. Visitors to the exhibition can read about the history of the organisation, the RSL's involvement in supporting veterans and their dependents, and our role within the local community.

Laverton residents are welcome to come and view the free of charge throughout, please remember that children under 15 must be accompanied by an adult.

The exhibition finishes on Monday 6 November.

### **New Stock**

We have some new Great Beyond Souvenirs in stock this month. For some local gifts or even Christmas presents come and check out our new can coolers, beanies, scarves, key rings and kids cups. We also have a huge range of Western Australian Wildflower seeds for the garden enthusiasts.

Come and browse the amazing aerial photography book by Martine Perret. Or if adventure history is more your style of reading, we are now stocking the book 'Tracks', which follows Robyn Davidson's trek across Central Australia.

### **Calendar Competition**

Thanks to all the people who entered in this years Calendar Competition. The voting at the Great Beyond has now closed, the Community Resource Centre will announce winners soon.

*Proudly Supported by the Shire of Laverton*

## Laverton Youth Services

The first week of the school holidays got off to a great start with a packed program.

We saw up to 60 children and young people each day over the course of the two daily sessions.

Feedback from the young people following the first week noted how much they had enjoyed the cooking activities, in particular, the Big Brekkie and participating in the Big LA Bake Off, that saw 'Team Pizza Gang' win the overall prize after making a fruit platter, pizza and pastries.

Thanks to our judges, Sgt. Jez Fricker, Marty Seelander, Robyn Smith and our new Youth Support worker, Sela Fifita-Tovo for all her help and support.

Activities also included making paper planes, and kites, a fun Scavenger Hunt led by the Curtin Vols and a fantastic Science afternoon where bulbs and batteries helped to make lights and to power fans, and exploding volcanoes and big bubbles were made.

The week ended with a hike and Picnic at Billygoat Hill.

In the second week of the holidays, we supported LLCCA/LDAG with their amazing puppet music video production workshops.

Young people learnt to produce a short story and song through audio, video and design about issues faced in their community.

The **bicycle maintenance workshops** have been progressing smoothly, with children learning to repair their own bikes and lend a hand to help others. The young people have enjoyed being able to fix their bikes, and the regular rides around town have been popular.

Workshop dates for this term: Friday afternoons after school, 3, 10, 17 November and Saturday 25 November 10am. Come along, bring your bikes, all are welcome!

Message from the youth: "A big thank you to the team at **The Great Beyond** for educating us on early explorers and their challenging expeditions."

### Youth work at Mount Margaret

The Youth Services team are looking forward to working with the children of Mt Margaret.

### Youth Council

The recently formed Youth Council held its first meeting at the School.

Newly elected members met with the Youth Officer to consult, raise issues and help to choose activities for the coming term.

### Have Your Say!

There are still a few places available on the Youth Council, anyone interested please contact Youth Officer, Kevin Naidu Tel: 0418 162 958

The Youth Services team have lots of exciting plans for the months ahead, so watch this space!

Jo Morgan, Community Development Manager

Kevin Naidu, Youth Officer Tel: 0418 162 958

Sela Fifita -Tovo, Youth Support Officer

## Laverton Leonora *Cross Cultural Association Inc.*

### September /October round up

The LLCCA have been busy with community projects over the last two months and have also gained a new employee. We are very pleased to welcome Kasey Hedlam to the LLCCA team working mainly in the Gallery.

The LLCCA is an active member of the Laverton LDAG (local drug action group). A recent youth project we work on was the "Community through our Eyes" exhibition; this project involved the whole community. Thank you to all those involved especially the Laverton, Cosmo Newberry, Mulga Queen and Mt Margaret Schools.

The next LDAG /LLCCA youth project is a stop motion music /multimedia clip using puppets. Project facilitator Ange Leech is working with Aboriginal elders (Bruce & Janice), Laverton Shire Youth Centre, Laverton School, LLCCA, Laverton Police, and Brenton Meynell (Halfway Studios—Leonora).

LLCCA and Anglogold supported Roslyn Sullivan to travel to a town out of Dubbo, to be the guest artist for the Mooramilla Choir, making beautiful backdrops for their annual production.

We were also happy to support along side Lynas Corp, Anglogold and GETS, the Laverton Netball and Footy teams who recently went to Kalgoorlie for the Aboriginal week sports carnival. A great weekend was had by all, and a great opportunity for some of our young men and women to represent Laverton - our Women won the Netball!! We hope to see a lot more. A big thank you to Martin, Lauren and Bernard for organizing the trip.

A big thank you goes to Lynas and Sue Finney for bringing the sewing ladies back in town to host several workshops, which were a great success.

LLCCA hosted Susan Kusters from Hope Community Services for the "R U OK campaign" and information day and BBQ.

LLCCA also hosted Bunnings for their annual hands-on tools and info day. They partnered with the Kalgoorlie Men's Shed who did a wood turning demo, Coles and Bega to bring more great ideas.

We are now working in partner ship with GETS on several of our regular ongoing projects:

Elly Hill as been doing a great job on the Keys for Life driver training program with 6 GETS participants passing in October.

GETS has also joined up with the LA Unplugged program which has also been rocking along ! A number of local musicians are writing and developing their own songs to be recorded in the upcoming WAM Northern Goldfields compilation disc.

## **Laverton Home and Community Care (HACC Services)**

**HACC provides basic support services to frail aged people and younger people with disabilities (and their carers) to assist them to continue living independently in their own home and in the community.**

### **HACC Services include:**

**Meal delivery or meal preparation assistance**

**Help with showering or grooming**

**House cleaning, laundry**

**Help bill paying, banking and shopping**

**Help with local transport**

**Social support and Home gardening**

**Phone: 90882609 or 90882600 for assistance**

St John Ambulance Laverton conducted a very successful fund raising event at the Laverton Races on 21st October.

We are very grateful to the following sponsors for their support this year as all have been our major sponsors for many years:

**Laverton Race Club** - Thank you Rob Wedge for the opportunity to fundraise.

**T.A.B** - for many years TAB has generously sponsored St John Ambulance Laverton, matching funds raised at our food stall.

**Boomers Village**- Dave Foreman, Tex, Glen and Boomers Village staff. Thank you for organizing the supplies for race day and for your very generous donation of time and food.

**The Curtin Volunteers** - Every year for as long as I can remember the Curtin Veggies have assisted St John Ambulance with cooking and serving food at the Laverton Races. A great effort, Thankyou.

**S.J.A Kalgoorlie** - Was fantastic to have Marc Harper-Holmes and Alan Kirby from Kalgoorlie attend on the day of the races as a support crew, Thank you both.

**Rosemary Street, Laura Shadlow, Barbra Milner, Nolene Jorgenson and Dwayne Moulten**

What a fantastic A team. You all worked non stop on the day, all of you. Thank you.

St John Ambulance Laverton is losing some of our dedicated volunteers, this means our numbers for the Christmas period will be low.

Please contact me on **0408929970** if you are interested in becoming a volunteer - we have training once a fortnight on Wednesday evening at the sub centre with our Community Paramedic Alan who is based in Leonora.

- Eleanor Hill

## FLYING DOCTOR ISSUES NEW SNAKEBITE ADVICE

09 Oct 2017

Our South Eastern Section has updated its advice and procedures following the publication of a new snakebite study. The Australian Snakebite Project is the most comprehensive ever carried out, involved over 1500 patients and collated snakebite data from the past 10 years (2005-15).

"The publication of this study is very timely as the warm, dry winter and sudden rise in temperatures has brought snakes out early this year," said Tracey King, Senior Flight Nurse at the RFDS South Eastern Section, who has attended snakebites during her career.

"As venomous snakes are found in every state and territory we urge everyone, not just those in the warmer Outback locations, to be vigilant."

"There are around 3,000 reported snakebites each year in Australia, resulting in 500 hospital admissions and an average of two fatalities."

The Australian Snakebite Project threw up some surprising statistics, which challenges many long-held perceptions about where snake attacks occur and how to treat them.

In those attacks in which the snake was positively identified, the brown snake was the most common biter (41%), followed by the tiger snake (17%) and red-bellied black snake (16%).

Three-quarters of the people bitten are males aged in their 30's. Most snake attacks occur near houses, not in the bush. Half of all bites occurred while people were out walking, with gardening and trying to catch a snake the most common other scenarios.

While only 20-25 out of 835 cases they studied resulted in death, the effects of a snakebite can be debilitating and far-reaching. Three-quarters of those bitten experienced venom-induced consumption coagulopathy, which causes blood clotting and life-threatening haemorrhages. Acute kidney injuries, brain and muscle damage and cardiac arrest are other possible side effects.

"That's why it's important that people act quickly after a possible bite," said Tracey.

"Surprisingly, they're often painless and may go unnoticed as tissue damage is mostly light – lacerations, scratches or light bruising along with some bleeding or swelling. As over 90% of snakebites we found to occur on the upper and lower limbs, these are the places to check first."

"Common symptoms include an unexplained collapse, vomiting and abdominal pain, bleeding or paralysis."

Many dangerous myths surround the treatment of snakebites. The most important dos and don'ts include:

- **Do NOT** wash the area of the bite or try to suck out the venom. It is extremely important to retain traces of venom for use with venom identification kits.
- **Do NOT** incise or cut the bite, or apply a high tourniquet. Cutting or incising the bite won't help. High tourniquets are ineffective and can be fatal if released.
- **DO** bandage firmly, splint and immobilise to stop the spread of venom. All the major medical associations recommend slowing the spread of venom by placing a folded pad over the bite area and then applying a firm bandage. It should not stop blood flow to the limb or congest the veins. Only remove the bandage in a medical facility, as the release of pressure will cause a rapid flow of venom through the bloodstream.
- **Do NOT** allow the victim to walk or move their limbs. Use a splint or sling to minimise all limb movement. Put the patient on a stretcher or bring transportation to the patient.
- **DO** seek medical help immediately as the venom can cause severe damage to health or even death within a few hours.

The new study has prompted the RFDS SE to reverse previous long-standing advice about the importance of identifying the colour and type of snake.

"Staying in the area after an attack can be dangerous and recent advances in medication mean we can now treat any snakebite with a generic polyvalent anti-venom, so identification is no longer necessary."

# Pet Corner

By Jezaire Kelly

## Animals in Western Australia

- **Western Australia alone is home to around 141 different species. 25 of these mammals are native to W/A only. Some of these are becoming threatened, and are even close to extinction. In this months edition of the Sturt Pea I am going to talk about some of the animals that also call Laverton their home!**

### Camel

- Western Australia alone is home to 45% of Australia's Feral Camels.
- Camels can travel up to 70 kilometres a day, and can survive up to 1 week without little food or water.
- If a camel is thirsty, it can drink up to 200 litres of water in 3 minutes, but in saying that - Camels are able to go without water for long periods of time.
- In the Australia desert, Camels out number Kangaroos by 100:1 ratio
- Sometimes camels may foam at the mouth, this is either the cause of hunger, mating season or if they are unsettled.

Sources:

<https://www.dpaw.wa.gov.au/management/pests-diseases/202-camels-in-western-australia>

### Echidna

- Short Beaked Echidnas have been around for over 15 million years, according to the earliest fossils found.
- The T. A. Acanthion subspecies of Echidna is commonly found in Western Australia, especially in dirt areas and forests where it is able to dig.
- Short Beaked echidnas have sharp spikes, and tend to move very slowly. It is said they dig around the length of an Olympic pool a year.

# Pet Corner

By Jezaire Kelly

## Animals in Western Australia

### Kangaroo

- There are four different species of kangaroo in Western Australia - Western Grey, Red Kangaroo, Euro and the Antilopine
- The Red Kangaroo is one of the largest Kangaroos to exist, weighing up to 90kg and can jump as far as 7 m in one single hop.
- Kangaroos are the only animal who use hopping as their main source of movement, while they can hop as fast as 48 km/h
- Sunrise and sunset are the two times during a day where kangaroos are commonly spotted.
- Kangaroos are Native to Australia

<https://www.livescience.com/27400-kangaroos.html>

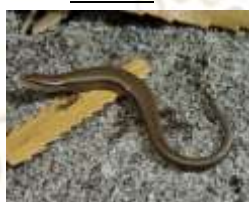

### Lizards

- There are more than 400 reptile species in Australia, 40% of which are native to W/A
- Some of the most common lizards include, the Thorny Devil, Skink, Monitor Lizard and the Gecko - all of which can be found in the bush areas around Western Australia.
- The Thorny Devil is covered in sharp hard thorns, these of which are able to change colour to suit the environment - they also help the lizards to drink as water will run down their back and directly into their mouths via the horns.
- There are over 20 different species of monitor lizard (Goannas) most of these, not native to WA but you can however still find some of them here - e.g The Perentie which is one of the largest lizards in Australia. The Perentie lizard can grow to up to two metres long and is very shy, they also hibernate during the colder months of the year - May to August.

# Beauty Spot

*By Aaliyah Tuhakaraina*

Hello and welcome to Beauty Spot - Issue 6

In this issue we will be talking about SKINCARE!  
Which is so important not only for your skin in general, but for getting the best finish to your makeup look as well. The following products are just some of my current favourites, you should definitely try them out!

- Aaliyah ♥

## CLARISONIC MIA 2 - \$219.00

Clarisonic has changed the face of cleansing...literally. This pioneering device uses sonic technology that pulses over the skin, for a gentle yet thorough cleanse. The gentle rotating brush with more than 300 movements per second clears the pores, revives cell circulation and instantly improves the appearance of fine lines. It also helps serums and moisturisers absorb better and deeper into the dermal layers.

This tool is a little bit more on the pricey side but I choose to look at it as an investment into my skin. Since it is the largest organ in our bodies, I think we should invest money into good quality products that will preserve our youth.

## LUSH DARK ANGELS FRESH CLEANSER - \$17.50

This is for those of you who really like to scrub your skin to feel clean, with black sugar and charcoal to exfoliate, and rhassoul mud to deeply cleanse. Cold pressed avocado oil and vegetable glycerine moisturise and soften your skin after all that scrubbing, leaving your skin feeling balanced and fresh. Sandalwood and rosewood oils give a rich, earthy fragrance and have a cooling and antiseptic effect on the skin, whilst black sugar is in here to scrub away any dead skin cells, leaving you with bright, refreshed skin.

Tip: Make sure when using this scrub that you mix it with a bit of water in your hands before applying to your face to avoid black marks that it can sometimes leave on your skin.

## MARIO BADESCU SEAWEED CLEANSING LOTION - \$22.00

This cleansing lotion features mild witch hazel which removes pore clogging debris and the anti-inflammatory seaweed help soothe sensitive areas. I like to apply this with a cotton pad after cleansing and before moisturising.

## TRILOGY CERTIFIED ORGANIC ROSEHIP OIL - \$25.95

Being Certified Organic, you can be assured that the Trilogy Rosehip Oil has no added preservatives, colours or fragrances. It is also suitable for all skin types. (Yes, Rosehip Oil can be great for oily skin!) It can be used as a daily moisturiser for the face and body. It will leave your skin feeling soft and hydrated all day long!

Trilogy Rosehip Oil will also help minimise the appearance of:

- \* Fine lines and wrinkles
- \* Scars
- \* Ageing skin
- \* Damaged skin

## FRANK BODY - ORIGINAL COFFEE SCRUB - \$16.95

I discovered this stuff back in 2013 and I've never looked back. A natural blend of coffee, oils and vitamins give you the best exfoliation of your life & banish dry skin forever.

Coffee stimulates blood flow, promotes collagen production & scrubs away dry skin. Scrub 2 times per week to maintain smooth skin.. Scrub 3 times per week if you're tackling particular lumps, bumps or scars. The natural ingredients make the scrub smell like an orange mocha Frappuccino. Not to mention it's natural, vegan, cruelty free, and doesn't contain micro beads. Seriously you guys HAVE to try this stuff out. For \$16.95 what have you got to lose? Thank me later.

## Random Places To See Around Laverton

### EURO MINE

The Euro Mine is situated around 15km south of Laverton, just off Mt Weld Rd. When travelling along Mt Weld Rd you take a turn off on the side of the road (which can be easy to miss), and then drive up a hill to where the old mine site once stood. Upon arrival you will be greeted by an old little storage building to the right and little hill on the left. Do make note that there are a lot of open mine shafts all around this area so do take care when you are walking around the area.

If you walk up the hill on the left you will be greeted by an amazing view of the area and will see scattered throughout the gumtrees and shrubs remanence of the old site. On top of this hill you will also see some stone structures of where buildings once stood and you will also see the oddly coloured mound of sand like clay that almost looks like the top of a volcano.

From here you can continue down the other side of the hill where you will stubble across three big open mine shafts. These shafts are not fenced off, there are a few stakes in the ground marking out where they are, so just take care when walking towards them.

Once you have seen the mine shafts you can then walk around to the front of the hill where the environment around you changes to a sandy like clay with green bushes and gum trees. Throughout this area you will find many of artefact's scattered throughout the bush. Along this side of the hill you will also see a long stone wall that was built to load the dirt onto the back of carts/trucks. Follow this wall and this will lead you back to the road where you would have parked. There are also many shafts and little stone structures around this whole area which shows how busy this site once was.

### So how did the Euro mine come about?

Firstly the name Euro was named after a local species of Kangaroo. Gold was first discovered by Newman and party back in 1895. Soon after W.A. Goldfields Ltd, sank a few trial shafts but found little gold, and the site was quickly abandoned in 1897.

A short time after the mine was abandoned some prospectors arrived to the site and because of the rain they were unable to dry blow, so they decided to sink a shaft instead just north of the prior location and they struck gold. Only few months after their

gold discovery Geo. W. Hall (of Sons of Gwalia fame) the managing director of the London and Westralian Mines and Finance Agency Ltd inspected the property and was so impressed with its prospect he immediately took a three month option over it for several thousand pounds, which option he concluded shortly afterwards by paying the prospectors their money two months before it was really due.

Within nine weeks after the deposit to the prospectors had been paid, a 20-head battery was ordered from England, with the first portion of it being shipped in 1899. By 1903 the site was closed by the directors as the values decreased and the 40 stamp battery that was built was sold to Bewick, Moreing and Co and transferred to the Lancefield mine.

In 1904, the mine was taken up by a syndicate of working miners and carted several good crushing's through to the Laverton state battery. From 1898 to 1911 the mine produced 35,707 ounces of gold

Over the years a few other mining companies have explored the area.

By 1902 the site had a hotel, a bank, 2 shops, a bakery and a cordial factory.

So how do you get there? Easiest option is to type into google maps the following coordinates :

-28.725966, 122.397070. The picture to the right shows the general location and the general little walking loop.

Thanks to these sites I was able to find the history on this mine:

## Prawn tacos with lime-avocado salsa

### Ingredients

- 1 just-ripe avocado, stoned, peeled, finely chopped
- 1/4 cup finely chopped coriander
- 1 red Birdseye chilli (optional), seeded, finely chopped
- 2 1/2 tablespoon lime juice
- 1kg Raw Deli Prawns Thawed, peeled leaving tails intact, deveined
- 1 tablespoon olive oil
- 1 tablespoon Mexican seasoning
- 12 small flour tortillas
- 1/2 cup (150g) mayonnaise
- 1 teaspoon smoked paprika
- 1/4 red cabbage, finely shredded
- 1 carrot, peeled, cut into matchsticks
- 2 radishes, thinly sliced

### Method

- 1) Combine the avocado, coriander, chilli, if using, and 1 1/2 tablespoons of the lime juice in a bowl. Season. Set aside for 10 mins to develop the flavours.
- 2) Combine the prawns, oil and Mexican seasoning in a medium bowl. Heat a large frying pan over high heat. Cook the prawns, turning, for 5 mins or until prawns change colour and curl.
- 3) Meanwhile, heat the tortillas following packet directions.
- 4) Combine mayonnaise, paprika and remaining lime juice in a bowl. Season.
- 5) Divide tortillas among serving plates. Divide cabbage, carrot, radish and lime-avocado salsa among the tortillas. Top with the prawns. Drizzle with the mayonnaise mixture. Fold to enclose the filling. Serve immediately.

## Perfect Chocolate Chip Cookies

### Ingredients

- 2 cups plus 2 Tbsp. all-purpose flour
- 1/2 tsp baking soda
- 1/2 tsp salt
- 12 Tbsp. butter (1 1/2 sticks) melted and cooled until warm
- 1 cup brown sugar
- 1/2 cup granulated sugar
- 1 large egg + 1 egg yolk
- 2 tsp vanilla extract
- 1 1/2 cups semi-sweet or milk chocolate chips

### Method

- 1) Heat oven to 325 degrees F.
- 2) In a medium bowl mix together flour, salt, and baking soda.
- 3) In a separate large mixing bowl beat the butter and sugars together with an electric mixer until well blended. Add the egg, egg yolk, and vanilla. Stir in the dry ingredients and mix until just combined. Gently stir in the chocolate chips. The dough will be soft.
- 4) Gently scoop dough into balls and place on a cookie sheet. Bake for 10-12 minutes. Store in an airtight container.

## Property for Sale

**FOR SALE**
