## Shire News

### **Local Government Elections October 2019**

The bi-annual Local Government Elections are to be held on Saturday 19 October 2019.

This year the Shire of Laverton will have five vacant positions for nomination.

Four of the positions will be part of the natural rotation and each will be for a four year term (retiring 2023). The fifth position is the result of Councillor Rosemary Street's resignation and will be for a two year term (retiring 2021).

More information will be advertised and available as the election process eventually gains momentum, however in the meantime if anyone is interested in standing for Council and would like to discuss or seek some information please contact myself, Peter Naylor, Chief Executive Officer, at the Shire Administration Office on 9031 1202 or 0427 061 674.

### **Laverton Community Hub Projects**

Works are now well advanced on this project.

It is expected the Hall will receive practical completion by the end of May.

The pool is also nearing completion but will most probably be towards the end of July due to a few hold ups in receiving bits and pieces from overseas.

### **Laverton Medical Practice**

Council is pleased to advise that we have been successful in negotiating a new contractual arrangement with Pier Street Medical to provide ongoing medical services in Laverton for the next five years.

This is positive news for the provision of health services and provides Council and the community with some security in this important aspect of our lives.

### **Laverton Cemetery**

Various works are continuing to provide a much needed facelift to the cemetery and for visitor access and comfort.

Works include new fencing, planting of vegetation along the fence line, new reticulation lines, car parking areas, gazebos and bench seating.

### **Airfield Apron Upgrade**

Council has been successful in receiving grant funding that will mostly cover the works to increase the Airfield apron from two to four parking bays.

We are just completing survey, design and specifications and then will advertise the project for tender prior to the end of June.

It is expected that the apron works will be completed by the end of 2019.

As previously mentioned, it is anticipated that the expected increased activity through the Airfield will provide increased revenue to the Shire through the use of the Airfield and inject funds into the local economy.

### **Laverton Airfield Terminal**

Due to the above and the expected increase in air traffic through the Airfield, Council recently advertised for expressions of interest from architectural companies to work with Council for the design of a new terminal.

Whilst this project is still a little while off it is part of our forward planning and hopefully will receive some traction in the not too distant future.

### **Windarra South Open Cut – Access**

Poseidon Nickel have expressed concern in regards to safety, liability and legal access for persons using the Windarra South Open Cut for recreational activities.

The result of this is Poseidon Nickel will be installing a gate at the entrance to the access road off the Laverton-Leonora Road. Council appreciates that this is disappointing as it has been an area utilised by the local community for many years.

Council has commenced discussions with Poseidon Nickel to ascertain how we may be able to work together to open the area up as a legal recreation area but this may take some time, if indeed we are at all successful.

### **Mt Weld, Merolia (part) & Racecourse Roads Project**

Works on this project are proceeding well. A large amount of rock caused a few issues in the first hill heading south, however we are now past this point and works should pick up schedule for completion by the end of 2019.

As previously mentioned there is a bypass road in place, along the former Focus Minerals haul road, please travel with care and following signs as appropriate.

### **High Level Water Tank**

Seating has been placed at the foot of the water tank to enable community members and visitors alike to enjoy the serenity of the viewing point overlooking the town and surrounding areas.

Other works are planned, however we will try to align these with other works in town to save on mobilisation costs.

### **2017 & 2018 Flood Damage Works**

Works are continuing on the Great Central, White Cliffs and Bandy Roads as part of the 2017 & 2018 WA Natural Disaster Relief & Recovery Arrangements funding program.

### **Solar Lighting to Footpath between Town and Wongatha Village**

After a frustrated waiting period, the lights have finally arrived and are being installed for this project.

### **Main Roads WA – Notification of Roadworks**

1. Main Roads WA will be conducting works at various locations on the Goldfields Highway between October and December 2019. The works will include the repair of sealed pavement edges to restore line and level.
2. Main Roads WA will be conducting works at various locations on Great Eastern Highway, Goldfields Highway, the Leonora-Laverton Road and the Mt Magnet-Leinster Road between July 2019 and June 2020. These works will include the slashing and spraying of vegetation within the road reserve.

**Peter Naylor**  
**Chief Executive Officer**

## ‘SOUTH WINDARRA MINE SITE’

It has come to our attention that the South Windarra open pit is being accessed by the general public for recreational and other activities. The South Windarra mining lease and the associated open pit is still an active mining lease and this access presents a potential safety issue to those who have not completed the necessary South Windarra safety training and Safety inductions as required under the Mining Act.

Due to the observed access of the area by the public and the risk of future public use we have had to physically close the site with gates and ‘no entry’ signage.

We are, however, currently working with the Shire of Laverton to find a way to make the South Windarra open pit lake available to the residents of Laverton, for public use in the future

Please be aware that, until the appropriate arrangements are in place with the Shire of Laverton to facilitate this benefit to the community, access to the South Windarra mining lease is prohibited. Other than authorised Poseidon personnel, people found to be accessing the South Windarra mining lease will be considered to be trespassing and Poseidon will seeking the assistance from the appropriate local authority to prohibit access.

# NATIONAL SIMULTANEOUS STORYTIME

On the 22nd of May 2019, The Laverton Community Resource Centre held the annual National Simultaneous Storytime. The morning commenced with crafts where the children decorated maracas in anticipation for the NSS 2019 book 'Alpacas with Maracas' by author Matt Cosgrove. Craft was followed by singing songs and rhymes while the kids showed off their great dance moves.

By Eva Fono

A big thank you to our special guest reader - Great Beyond Visitor Centre Manager Laurinda Hill who shared 'Macca and Al's' adventures through the story. This was followed by a morning tea for all. The CRC Team want to thank all the parents for their support on the morning and hope their Children enjoyed the event.

2020 Biggest Morning Tea.

### BIG PICTURE STUDENT VISIT

On the 7th of May, the Laverton School's Big  
Picture students visited the Great Beyond to  
learn about our centre. We hope the visit  
educated the students on why our tourism  
centre is vital for Laverton, and the tourists  
that pass through our town.

A big thanks to Julia Poh and the well  
behaved class that visited us and hopefully  
some students were inspired to pursue a  
career in the tourism industry.

## Laverton Youth Services

The month of May was exceptionally special for the youth services team with a visit from the Curtin volunteers and the launch of our first dance party. We even had a surprise visit from Gold Fields mining during our fire pit cook up.

There has also been plenty of progress with our pallet furniture construction activity. Many thanks to LLCCA for allowing Youth Officer Kevin and the Curtin Volunteers to use the workshop facilities to prepare the materials. Here are some of our highlights

**HON ROBIN SCOTT MLC  
OF KALGOORLIE-BOULDER  
Member for Mining and Pastoral**

At the age of sixteen Robin Scott came from Scotland with his parents to Western Australia, where he enrolled as an apprentice electrician. Immensely proud of his trade, Robin has worked for more than 30 years as an electrical contractor to the WA mining industry, especially in the Goldfields. Flying himself and his staff to electrical contracting assignments, Robin logged

4,000 hours in his Rockwell Commander, the aircraft he now uses to service his constituents in the vast Mining and Pastoral Region.

Robin is an enthusiastic campaigner for job opportunities through creating more apprenticeships for young men and young women. The Federal Government has partially embraced the Pauline Hanson's One Nation policy of subsidising apprentice wages 75% in the first year, 50% in the second year and 25% in the third year.

Robin Scott moved the Disallowance Motion which defeated the Government's attempt to increase the Gold Royalty by 50%. Robin is determined to protect and promote mining and led the defence against water charges for prospectors and small miners.

Robin's priorities for 2019 include:

- Water pipeline south from the Kimberley
- Sealing the Wiluna-Meekatharra Road
- Insist on rapid delivery of the promised MRI machine for Kalgoorlie
- Big upgrade for palliative care for the Goldfields
- Aged care facility for Leonora
- New hospital for Laverton
- Push the Federal Govt to abolish Fringe Benefits Tax for remote area workers
- More jobs through quicker approvals for mines

# EVA'S LIBRARY FAVOURITES

Meet Jubilation Lee: firework-wielding mutant, full-fledged X-Man, sidekick to Wolverine and future vampire! Seeking a fresh start in this pre-"Curse of the Mutants" tale penned by Walking Dead creator Robert Kirkman, Jubilee enrolls in high school and along with the cute boys and teenage angst come gangs, evil mutants and car thieves! Jubes has her work cut out for her! Collecting JUBILEE #1-6.

**JUBILEE** by **ROBERT KIRKMAN**

Adam Lerner has always tried to take good care of his health, so it comes as a cruel surprise when he learns that he has malignant tumours along his spine. His doctor gives him a 50/50 chance of survival, but Adam tries to remain upbeat, though his mother and his friend Kyle react badly to the news. Adam starts seeing a therapist, but their relationship threatens to cross the boundary between doctor and patient.

**50/50**

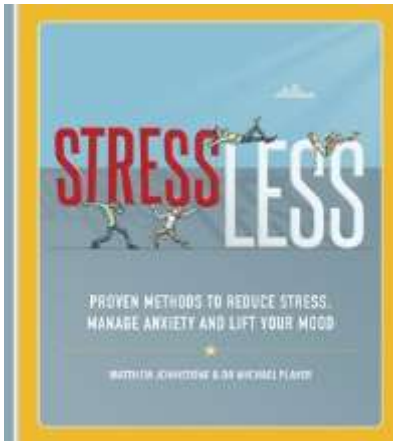

On the wild, lonely coast of Western Australia, two thrill-seeking and barely adolescent boys fall into the enigmatic thrall of veteran big-wave surfer Sando. Together they form an odd but elite trio. The grown man initiates the boys into a kind of Spartan ethos, a regimen of risk and challenge, where they test themselves in storm swells on remote and shark-infested reefs, pushing each other to the edges of endurance, courage, and sanity.

Samantha Kingston seems to have it all: popularity, a loving boyfriend and a seemingly perfect future. Everything changes in the blink of an eye when she dies in a car crash but then magically wakes up to find herself reliving the same day over and over again. As Samantha tries to untangle the mystery of a life derailed, she must also unravel the secrets of the people closest to her and discover how the power of a single day can make a difference.

Clinical psychologist Dr Michael Player and bestselling author/illustrator Matthew Johnstone use their own experience to help you recognise stress in your day-to-day life and apply techniques to manage symptoms. Fully illustrated, easy to follow and based on the latest medical science, StressLess is your go-to guide to identify and reduce your own stress and help others do the same.

**STRESSLESS** by **MATTHEW JOHNSTONE & MICHAEL PLAYER**

In the summer of 1967, rioting and civil unrest starts to tear apart the city of Detroit. Two days later, a report of gunshots prompts the Detroit Police Department, the Michigan State Police and the Michigan Army National Guard to search and seize an annex of the nearby Algiers Motel. By the end of the night, three unarmed men are gunned down while several others are brutally beaten.

# WORLD ENVIRONMENTAL DAY

## Air Pollution 5th June 2019

World Environmental Day is all about encouraging the awareness and action for the protection of the Environment. Each year World Environmental day is celebrated on the 5th of June in over 100 different countries.

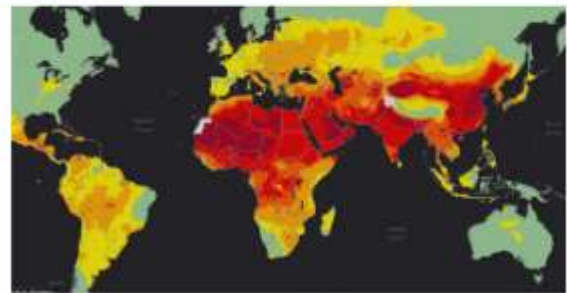

### Quick Facts:

- 9 out of 10 people breathe polluted air.
- 7 million people worldwide die prematurely each year due to Air Pollution.
- The air quality in India is so bad, that it is equivalent to smoking 44 cigarettes a day.
- Nearly 70% of air pollution found in China is from Automobile Exhaust
- Air Pollution is the worlds 4th largest killer
- One full city bus can remove up to 40 cars from the road and tremendously reduce exhaust pollutants
- Travelers to the Grand Canyon sometimes are not able to see across the Canyon because of air pollution that is produced from over 1000 miles away.

### What we can do

- Limit driving by car pooling, public transportation or bussing.
- Conserve energy by turning off lights, Computers, and electric appliances when not in use.
- Use energy efficient Lightbulbs and appliances
- Combine errands and reduce trips.
- Buy rechargeable batteries
- Tell people, spread the word about Air Pollution, and how bad it is for the environment - for ourselves and for the world.
- Avoid burning plastic

Africa, Eastern Europe, India, China and the Middle East are among some of the worst Air Polluted countries in the world. Although Australia may have very clean air, helping to spread the word on Air Pollution can help it stay that way for years to come, and may even help some countries reduce their air pollution.
