## MEDIA STATEMENT

### **New funding to expand Laverton's Visitor Centre**

#### **Laverton community thrilled by funding announcement**

Tuesday 10 September 2019

The Great Beyond Visitor Centre in Laverton will soon see their expansion plans become a reality after Premier Mark McGowan announced a State Government contribution of \$1.3m to the project.

The Premier and Regional Development Minister Alannah MacTiernan, together with local Member for Mining & Pastoral Kyle McGinn, visited Laverton to announce the \$2.6m project, co-funded by the Shire of Laverton. Laverton Shire President, Patrick Hill, said "after years of planning and seeking funding, it is a fantastic outcome for our town. The Great Beyond is the heart of Laverton and the expansion of the Centre will allow the Shire to cater to the growing number of visitors, particularly those travelling the Outback Way."

"With funding committed to seal the Outback Way in the near future, Laverton is expected to attract an additional 32,000 plus visitors per year. The Shire has a number of projects under way that will improve visitor experiences and hopefully increase their length of stay the Goldfields, with the expansion of the Great Beyond as a priority."

Expansion to the Centre will include a new entry foyer, merchandise area and café; expanded administration office, public amenities and storage areas; improved

disability access to interpretive displays; undercover alfresco dining space; and the Giles Oasis cultural garden and interactive displays.

Visitor Centre Manager, Laurinda Hill, said “in 2015, the Great Beyond was fortunate enough to receive substantial funding from the Regional Visitor Centre Sustainability Grants administered by Tourism Western Australia. This allowed us to create architectural drawings, plans and tender documents for the expansion. Without this funding, we would not have been able to attract this type of investment from the McGowan Government.”

While in Laverton Mr McGowan and Ms MacTiernan had a tour of the Great Beyond’s Explorers Hall of Fame, Ms MacTiernan commented “Laverton’s Visitor Centre will enrich the traveller experience and boost visitor numbers, creating economic and social benefits for the local community and the region.”

“The Visitor Centre is integral to the social amenity of the town and serves as an important community meeting space and only café in Laverton.”

Mr McGinn congratulated the Laverton Community, “any traveller that has been through Laverton in the past few years knows how hard the team at the Visitor Centre currently work, and how much they are able to offer with their current resources. This investment will make a huge difference and will mean the Centre can accommodate the influx of visitors through the region.”

“The history that is shared within the Centre provides a true reflection of the amazing story that Laverton has to tell. The Outback Way will open the gates to greater tourism opportunities for Laverton and this project is perfect to continue to stimulate the local area as the tourists flow through.”

Given that the design phase of this project has been completed, the Shire of Laverton are planning to move forward as soon as possible. Approximately 17 jobs will be created during construction on the project, as well as another 8 ongoing jobs at the upgraded Centre.

It has been a particularly successful month for Laverton in the tourism sector with the town also being announced as a finalist in the GWN7 Top Tourism Town Awards, which will be announced later this month at a ceremony in Karratha.

# It's Ok **Not** to be Ok - You **Can** Talk

**Blue Tree Project** <https://www.bluetreeproject.com.au/>

Big thanks to everyone who came along and supported painting our two Laverton trees blue, to raise awareness of mental wellbeing.

The Blue Tree Project's 'mission is to help spark difficult conversations and encourage people to speak up when battling mental health concerns.

By spreading the paint and spreading the message that "it's OK to not be OK", we can help break down the stigma that's still largely attached to mental health.'

The Youth Services Team along with some of our amazing kids of Laverton, help to clear, clean and prepare the sites ready for painting.

Look out for the Blue Trees, one opposite the Hospital and one on the Leonora Laverton Road.

## HON ROBIN SCOTT MLC OF KALGOORLIE-BOULDER Member for Mining and Pastoral

At the age of sixteen Robin Scott came from Scotland with his parents to Western Australia, where he enrolled as an apprentice electrician. Immensely proud of his trade, Robin has worked for more than 30 years as an electrical contractor to the WA mining industry, especially the Goldfields. Flying himself and his staff to electrical contracting assignments, Robin logged 4,000 hours in his Rockwell Commander, the aircraft he now uses to service his constituents in the vast Mining and Pastoral Region.

Robin is an enthusiastic campaigner for job opportunities through creating more apprenticeships for young men and young women. The Federal Government has partially embraced the Pauline Hanson's One Nation Policy of subsidising apprentice wages 75% in the first year, 50% in the second and 25% in the third year.

Robin Scott moved the Disallowance Motion which defeated the Government's attempt to increase the Gold Royalty by 50%. Robin is determined to protect and promote mining and led the defence against water charges for prospectors and small miners.

Robin's priorities for 2019 include:

- Water pipeline south from the Kimberley
- Supply good clean water for all regional people
- Reopen the Department of Mines Industry Regulation Safety Office in Norseman
- Sealing the Wiluna-Meekatharra Road
- Insist on rapid delivery of the promised MRI machine for Kalgoorlie
- Big upgrade for palliative care in the regions
- Aged care facility for Leonora
- New hospital for Laverton
- New Hospital for Meekatharra
- Ensure the Nursing posts are manned by more than one nurse and are secure and safe for staff
- Abolish fringe benefit tax to encourage FIFO workers to live locally
- Speed up dog fencing and increase the number of professional doggers
- More jobs through quicker approvals for mines

# MOOSE

Moose are not from or found in Australia, however if you are travelling and want to see one in the wild, they are generally found in the Northern regions of North America, Europe and Asia.

## IS A HERD OF MOOSE CALLED A MEESE?

The plural for Moose is not Meese. It is moose. Which seems funny as the plural for goose is geese, but according to the readers digest, the word moose was incorporated into the English language from several native american languages with little or no modification during the early 1600s. The word Goose, dates back to a thousand years before the word moose, when old English was the only form of English. Back then pluralization was different, mutations and sound changes to words would dictate whether or not certain words were plural or singular.

- **Moose have a life span of 15-25 Years**
- **The Moose is the largest member of the Deer family**
- **Only male moose grow antlers and these can spread as far as 6FT across.**
- **The flap of skin that hangs below the Moose chin is called a bell**
- **Unlike other Deer species Moose do not form herds and are Solitary animals**
- **In Alaska, more people are injured by Moose than Bears each year.**
- **A female Moose is called a Cow and a Male Moose is called a Bull**
- **Moose can run up to 56 Kilometers an hour.**
- **Moose are good at swimming, and have been seen to swim several miles at a time as well as fully submerging their head under water for 30 seconds.**
